(+234) 9035549985 (Mobile) | **Email address:** successhycenth8@gmail.com |

Address: Hause 19, Abu Egbenu Street., Hajj Camp Gwagwalada, 902101, Abuja, Nigeria (Home)

● ABOUT ME

An innovative software developer with a strong work ethic and a collaborative spirit. I am consistent in delivering creative solutions to complex problems. My expertise spans various areas of software development, including web app and mobile app development. Always committed to excellence and passionate about innovation.

● WORK EXPERIENCE

10 MAR 2023 – CURRENT Rotterdam (Remote), Netherlands

CO-FOUNDER & SOFTWARE DEVELOPER (FRONTEND) FLASH PAY

- Improved app performance by optimizing endpoint. Reduced page loading speed from 15 seconds to less than 1 second (300ms)
- Built and shipped new features, improved previous UX, and added testing for features.
- Gathered requirements, and functionalities, and translated those into elegant prototypes, and MVPs, using cutting-edge technologies like Nextjs, Typescript, TailwindCSS, and Daisy UI
- Optimized the performance of front-end solutions with component-based architecture and created custom reusable components.

5 OCT 2023 – CURRENT Remote, United States

FRONTEND SOFTWARE DEVELOPER - PART TIME QUEUESLOT

- Spearheaded the creation of 3+ reusable front-end features, empowering users to customize events, set limits, add availability, and manage time buffers efficiently.
- Engineered and refined a streamlined feature enabling users to create events seamlessly.
- Resolved multiple bugs and enhanced the user experience on the QueueSlot web application.
- Implemented a robust multi-choice authentication system and crafted intricately nested pages for the user dashboard using Next.js 13.
- Collaborated within a 7-member team to design and develop the QueueSlot web platform, emphasizing improved user experience and interaction through Agile Methodology and Jira.
- Developed 12+ user-facing features, optimizing QueueSlot for maximum speed and scalability.
- Contributed to occasional development of new features on the QueueSlot Mobile App.

7 FEB 2022 – 16 AUG 2023 Lagos (Remote), Nigeria

SOFTWARE DEVELOPER (MOBILE/WEB) - CONTRACT URBEX AFRICA

- Developed 20+ reusable frontend web and mobile features for Urbex Africa, facilitating contractor tasks.
- Enhanced code quality by 27% through global state management implementation using Redux.
- Improved customer satisfaction by 30% with the addition of chatting and calling features.
- Led the development of a new enterprise application for effective construction project management.
- Created an HR system, enabling enterprise users to manage staff, payroll, and export information seamlessly.
- Collaborated with UI/UX designers for a visually appealing and user-friendly experience.
- Implemented features for enterprise users to import data, create projects, assign staff, and manage milestones.

- Actively participated in code reviews to ensure code quality and collaboration.
